

## Amazing Magnets

During your time away from school, we would like you to complete some of the projects below:

1. Create a PowerPoint presentation or a factsheet about magnets and how they work.
2. Compare and group together a variety of everyday materials on the basis of whether they are attracted to a magnet, and identify some magnetic materials.
3. Identify and describe some of the uses of magnets in everyday life. E.g. magnetic door catches for cupboards.
