

Year 4 Special Project

In the first half of the Summer term, the Year 4 Geography topic will be 'People and Places'.

Over the next few weeks, we would like you to find out about this topic at home and complete a task below to showcase what you have learnt. You can show your learning in a **booklet, poster, 3D model, PowerPoint or video.**

Next term, you will need to bring in (alternatively take a picture or send your completed project via email), which will be displayed in the school. **The best projects might even be featured on the school website!**

Task:

Choose one task out of the following:

Compare the life of a child in Slough with the life of a child growing up in a **town in a **Central American** country (school, home, leisure activities).**

Compare the weather and climate in Langley with the weather in your chosen country.

Create a fact file which compares the human and physical geography of three **cities - one in the UK, one in Europe and one in Central America.**

Your special project is due in on Friday 1st May 2020.
