

# Special Project

## Year 6

During Spring, year 6 children will be learning about **animals including humans.**

During February half term, we want you to choose a topic related to animals or humans, research about it at home and showcase what you have learnt. You can create a booklet, leaflet, poster, model, display, PowerPoint or video.

Next half term, you will need to bring in your completed project, which will be displayed in school. **The best projects will be featured on the school website!**

Remember to present your project in a way that will be eye-catching and attractive

**Your special project is due on Monday 7th March 2022**

**We look forward to receiving your exciting projects!**
