

Year 3 Curriculum

We will be covering a range of maths topics this term, including addition and subtraction, multiplication and division, shape, fractions, measurement and real life problem solving. Knowledge of tables and division facts will be practised weekly.

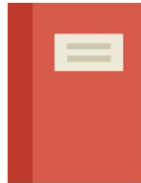

Reading is taught every day and children are introduced to different genres, both fiction and non-fiction to increase their love of reading and enhance their comprehension skills. Please read with children every day and sign their reading record. Children are expected to take at least two quizzes per week and change their reading books twice a week.

In science, year 3 will be learning about animals including humans, light, rocks, plants, forces and magnets and carrying out experiments.

In History, year 3 will be learning about local history, including Heathrow airport, stone age to iron age and Anglo Saxons.

Reading is taught every day and children are introduced to different genres, both fiction and non-fiction to increase their love of reading and enhance their comprehension skills. Please read with children every day and sign their reading record. Children are expected to take at least two quizzes per week and change their reading books twice a week.

In computing this year will be learning programming, algorithms, internet safety, exploring computer simulations, computer networking and robotics.

Extended learning opportunities

Geography field trip to Windsor, exploring the physical and human features of our local environment.

Circus workshop to expose children to skills and experiences relevant to the literacy text and inspiring writing.

trip

Trip to Legoland to enable children to experience outdoor active learning.

In Geography, year 3 will be learning about the local area, including features and climate zones.

Every week children are given a piece of maths, comprehensions and SPAG homework.

Resilience Days will be timetabled every half term. The children focus on transferring skills such as getting active and looking on the bright side to their everyday life.

In Art year 3 will study the work of different artists: Andy Goldsworthy, Keith Haring and Henri Matisse as inspiration to create art pieces based on their work using different media.

PE

In PE, Year 3 are learning a variety of different sports and activities such as sportshall athletics, hockey, cricket, tennis, dodgeball, benchball, football and rounders.

3AV - Monday and Tuesday.
3I - Tuesday and Wednesday.
3P - Tuesday and Friday.
