

The Queen's Platinum Jubilee Project - Year 1

Her Majesty The Queen has become the first British Monarch to mark 70 years of her reign.

We would like you to join us in creating a whole school display celebrating the Queen's Platinum Jubilee.

Year 1 you need to focus on the decade of **2000** (2000-2010) where you need to create a home learning project showcasing the events of The Queen's personal or public life (or both!)

Think about: What did The Queen do during this time?

Your project can be a fact sheet/file, a poster, a collage, a quiz, a model, a PowerPoint presentation or research on a Word document.

Be as creative as you like!

Homelearning due: Monday 6th June 2022

Good luck!
