

Year 1 Summer 2

Special Project

Task

We would like you to create your family tree!

The children are being set the task of researching and creating their own family tree to link with our History learning next half term. The purpose of the project is for each child to do some research - talk to family members to learn about relatives, hear family stories from past and present, look at photos, and discover how they themselves fit into their own unique history.

It is up to your child how their project is set out and presented, but we have included a few examples below to give you some ideas.

Any media can be used; previously, children have used materials such as paper, pen, card, pencil crayons, wax crayons, glitter pens, felt pens, collage, paint, computer images and photos.

You can draw or take photographs of the objects and present in a poster telling us some facts about those materials

Please bring in your completed project, which will be displayed in the classroom.

The best projects might even be featured on the school website!

Thank you for your continued support!

Your special project is due Friday 9th June 2023
