Parent Notices

Timings of the school day

Soft start is from 8am for all year groups.

Resource Base:	Doors open from 8.15am to 8.45am and then at 3.00pm
Nursery:	8.00 - 11.00am and 12.00pm - 3.00pm
Reception:	8.30am - 2.45pm
Year 1 and Year 2:	8.20am - 2.50pm
Year 3 and Year 4:	8.20am - 2.55pm
Year 5 and Year 6:	8.20am - 3pm

School Grounds

Please do not bring bikes or scooters of any kind onto the school grounds at any time. Dogs are not allowed on site.

Water Bottles

Children should bring in a water bottle every day, with their name clearly labelled on the bottle.

No Peanuts

Please do not bring nuts of any kind. We are a nut free school.

Lost Property

The lost property box in the playground is emptied weekly. Please check for any items that your child have lost. Unclaimed items will be taken to charity.

PE Kit

Please ensure your child comes to school wearing their PE kit on the days they have PE. PE Kit consists of T shirt, shorts, joggers/tracksuit bottoms, jumper and trainers.

Healthy Lifestyle

SUPER SANDWICHES!

Bread:

- Wholemeal/multigrain/rolls/pita/lavash/rye
- English muffins.

OR

Plain cracker biscuits:

A variety

Fillings:

- Salad: tomato/grated carrot/lettuce/cheese/
/cucumber/courgette/bean or alfalfa sprouts
- Meat/fish/chicken/egg
- Baked beans/spaghetti
- Potato salad
- Cheese – grated/sliced/cubed
- Cottage cheese with corn relish
- Carrot and sultanas
- Tuna and mayonnaise
- *Your own, or your child's creation!*

Healthy Lunchbox
Fillers

Drink Ideas

MY CHILD WON'T DRINK WATER!

It's important to encourage kids to drink water, but if this is tricky, here are some tips:

- Have water on the table at meal and snack times
- Keep cold water in a jug in the fridge and add slices of lemon or orange to give the water a better taste
- In summer, try freezing small pieces of chopped fruit in ice blocks and add these to water
- Drop some ice cubes into their cup of water on warm days, this keeps it cold and adds some novelty
- Try a water filter, filter jug or special filter tap if your child doesn't like the taste or your local tap water
- Take filled water bottles when you go out

Water is the #1 choice for a thirst quenching drink.

*It's also **VERY** family-friendly!*

- *It's **FREE***
- *If it spills it doesn't stain kids' clothes and it's easy to clean up!*
- *Its sugar and fat free!*

HINTS FOR HAPPIER MEALTIMES

Family meal times are a great opportunity to spend time together, enjoy food as a family and help children learn about healthy eating.

Family food doesn't have to be a feud... it can be fun!

Here are some hints for relaxed and happier mealtimes:

- Encourage talking and sharing. Ask your child about their day
- Make an effort to set the table and ask your child to help. This helps to make dinner a 'special' time of the day.
- Avoid distractions - switch off the TV or radio.
- Encourage children to help with food shopping, planning meals, food preparation and cooking.
- Let your child decide when they're full – don't argue about food
- Set a good example. Eat with your child and show them that you eat your vegies and other foods that are good for you too!

Remember, the earlier you start establishing healthy eating habits, the happier and easier mealtimes will be!

- Adults' reactions to what and how much their children eat can have a big impact on their food preferences. Children won't eat if they're unhappy and if they know that each mealtime is going to be a battle.
- Avoid using food as a reward at the same time as praising, for example, "You've been very good today so you can have dessert". This can increase the preference for that particular food.
- Instead of using sweet or high fat foods as a reward for good behaviour, try alternatives like stamps or stickers – kids love those!

How to Book Afterschool Care Sessions in Meerkats / Wombats

The screenshot shows the ParentPay app interface. At the top, there's a 'Logout' button. Below the navigation bar, the main heading is 'Need a session for after 4pm? Until 5:30'. The interface is divided into two main sections: 'Kristian's bookings' and 'Week commencing 22nd May 2023'. In the 'Kristian's bookings' section, there's a 'Make or view bookings' button. Below it, a dropdown menu shows 'Meerkats after 4pm' selected. A blue arrow points down to the 'Make or view bookings' button. In the 'Week commencing 22nd May 2023' section, there's a table with columns for 'Tue 23 May' and 'Wed 24 May'. The table shows 'Book Meerkats Fees' and 'Book Wombats Fees' with checkmarks. A hand icon points to the 'Book Wombats Fees' button. A blue arrow points down to the 'Order summary' section. The 'Order summary' section shows 'Items: £23.00', 'Total: £23.00', and 'Pay by Parent Account credit: Amount to pay: £23.00'. A 'Pay by' button is at the bottom.

E-Safety

At National Online Safety, we believe in empowering parents, carers and trusted adults with the information to hold an informed conversation about online safety with their children, should they feel it is needed. This guide focuses on one of many apps which we believe trusted adults should be aware of. Please visit www.nationalonlinesafety.com for further guides, hints and tips for adults.

What Parents & Carers Need to Know about

OMETV

WHAT ARE THE RISKS?

STRANGER DANGER

While young people generally know not to share personal information with strangers, the safety of their home and the distance offered by technology can make them feel more relaxed and uninhibited. Combined with the fact that OmeTV provides a webcam function – and anonymity – it can be an easy way for groomers to gather information, ask to connect on other social media platforms, or potentially request intimate images.

EXPLICIT CONTENT

Unfortunately, there are a lot of users who use OmeTV's webcam feature to expose themselves. While users can swipe to the next call quickly, it's not something that can be filtered out completely – so young people could easily be exposed to highly inappropriate images.

REPORTING DIFFICULTIES

When video calling, the other person's username is often hidden and therefore they can't be blocked or reported. There is a 'Report Abuse' tab at the bottom of the video, but the speed with which calls can swipe past can make it difficult to use this system. There's also little evidence to suggest that offenders are dealt with appropriately (through warnings or account termination, for example).

OmeTV is another app which encourages users to 'make friends from all around the world'. People can search profiles by age and gender and send direct messages or photos. However, the app is primarily used for video calls. When using this feature, users are connected at random, although only their country of origin is shared. People can then either choose to move on to the next chat or can stay in that call for as long as they wish.

AGE VERIFICATION

Although the site states that users must be 18 or over, there's no way to verify this, and it's easy to use an existing Facebook account to log in, or for users to set up a fake account. To access OmeTV, users simply need to press a button confirming they're an adult, which means it's likely many users will claim to be much older than they are.

VIDEO RECORDING

When young people are chatting live on a webcam, they could be coaxed by others into doing things they don't feel comfortable doing, or persuaded that no harm can come from it. What they don't know is whether the other user is recording them. These videos could then be used to embarrass or blackmail them, or they could be kept by a potential online predator.

LIMITED PARENTAL CONTROLS

OmeTV has very limited parental controls. There is a 'safe mode', but this is of little practical use given that explicit content isn't filtered out. While the site lists several rules and regulations, there are few apparent ways to enforce them or restrict what users can see or do.

Advice for Parents & Carers

FOLLOW AGE GUIDELINES

OmeTV has an age recommendation of 18 and over, which suggests the developers are aware that it may facilitate adult content. It's important to adhere to the age guidelines and try to restrict access to the app for younger users. If you find it on an under-18's device, talk to them about the potential risks and explain why they probably shouldn't be using it.

DISCOURAGE CHATS WITH STRANGERS

Remind your child of the dangers of talking to strangers online. The anonymity OmeTV offers, plus its webcam function, makes it an attractive place for groomers to network and create inappropriate content. Explain that your child may see something which upsets them – and that it's a crime for anyone to expose themselves to a young person online.

DISCUSS THE DANGERS

Maintain communication with your child about online safety and empower them to protect themselves. Simply deleting an app from their device impacts their independence and can cause resentment. Instead, highlight news reports of predators exposing themselves to children on the internet, and discuss what they should do if asked for explicit images.

ENABLE PARENTAL CONTROLS

Regardless of how responsible your child may be, it's essential to use parental controls on their device. It's easy for young people to get lured in by others, feeling they've built up a trusting friendship and being coaxed into doing things they wouldn't normally do. Ensure in-app purchases aren't enabled on their device, and emphasise that they can always talk to you about anything online that worries them.

Meet Our Expert

Dr Claire Sutherland is an online safety consultant, educator and researcher who has developed and implemented anti-bullying and cyber safety policies for schools. She has written various academic papers and carried out research for the Australian government comparing internet use and sexting behaviour of young people in the UK, USA and Australia.

REMOTE EDUCATION 10 TOP TIPS FOR PARENTS

Remote education ensures continuous learning outside the classroom. For parents and carers, remote education isn't always straightforward and there can be a number of factors they need to consider, especially around ensuring their children feel comfortable and are familiar with the whole concept. That's why we've created this guide to help parents and carers support their child in getting the most out of their remote education experience.

1. TAKE AN ACTIVE INTEREST IN YOUR CHILD'S LEARNING

As a parent or carer, your school may have explained how remote education works already, but children may still need help. Take an active interest in their learning and help support them whenever they need a helping hand.

2. MONITOR YOUR CHILD'S COMMUNICATION AND ONLINE ACTIVITY

It's important to remind your child that despite being at home, the same level of behaviour and conduct exists as if they were at school. Encourage them to remain polite, remember their manners and not to post or send any negative comments just because they are behind a computer.

3. ESTABLISH A DAILY SCHEDULE AND ROUTINE

Working from home and trying to learn in a more casual setting that children might associate more with play and a degree of freedom might take a bit of getting used to. Try to stick to a daily routine and use the timetable/schedule that schools have sent home to help children keep on top of their daily learning.

4. ENCOURAGE SCREEN BREAKS AND PHYSICAL ACTIVITY AWAY FROM DEVICES

Remote learning will inevitably require more interaction with computers, laptops and tablets. Teachers will invariably advise on screen breaks; however, it doesn't hurt to keep a check on their time online or encourage them to get some fresh air/exercise.

5. ENSURE YOUR LEARNING DEVICE IS IN PUBLIC SPACE IN THE HOME

It's important to consider where your PC or laptop is placed if live video is being used. Try to keep the background neutral, with no personal information visible and move learning devices out of the bedroom as this could be deemed inappropriate.

6. IMPLEMENT SAFETY CONTROLS AND PRIVACY RESTRICTIONS ON APPS AND SOFTWARE

Dependant on how your school implements remote education, your child may be required to download certain software or apps. Whilst these are likely to be relatively safe to use, like any other new app or platform, parents should still implement safety controls as a precaution.

7. ENSURE YOUR CHILD ONLY USES OFFICIAL SCHOOL COMMUNICATION CHANNELS

It's important that all communication with teachers and school staff is directed through approved school channels, whether that be through the school's online portal or the relevant secure messaging site.

8. FAMILIARISE YOURSELF WITH RELEVANT SCHOOL POLICIES

Schools should have a policy on remote education that they can share with parents. Familiarise yourself with this and ensure you know what is expected of teachers and your child during lessons, both online and offline.

9. MAINTAIN FEEDBACK WITH TEACHERS

Engage in communication with teachers where possible, and try to feed back progress and development as well as any helpful suggestions around the learning process. Be transparent but remain professional and only use official channels to communicate.

10. MONITOR YOUR CHILD'S WELLBEING AND MENTAL HEALTH

Remote education will likely mean that your child won't get the same level of social interaction and might not see their friends for a while. Keep a check on their wellbeing and try to encourage them to get out as much as they can. Whilst learning from home might seem fun and exciting to start with, missing out on seeing their friends every day might take its toll.
