Message from the Senior Leadership Team

Dear Parents & Carers,

As we come to the end of a successful school year, I would like to take this opportunity to share what a privilege it has been to join such a welcoming and dedicated school community. I have been made to feel incredibly welcome by our delightful pupils, supportive families, and committed staff.

Reflecting on my first term, there have been many memorable moments. One of the highlights was experiencing the incredible sense of community during our Multicultural Day. It was wonderful to see our diverse school community come together to celebrate the cultures, traditions, and experiences that make our school such a vibrant and inclusive place. It was a powerful reminder of the strength we find in celebrating one another and a true reflection of the values we share.

Some of my favourite moments have been the simplest ones—chatting with children over lunch in the dining hall, spending time with pupils in the playground, and discussing local and national topics while litter picking around our school grounds. These everyday interactions have allowed me to get to know our pupils beyond the classroom, and I am truly grateful for the warm welcome, thoughtful conversations, and wonderful sense of humour they have shared with me.

It was also a privilege to attend the Nursery Graduation, where the pride and joy shared by our children, families, and staff was truly heartwarming. Equally inspiring was watching our Year 6 pupils deliver their end-of-year production with such confidence, enthusiasm, and talent. They should all be incredibly proud of their achievements, and I wish them every success as they begin the next chapter of their educational journey.

As we look ahead, we remain committed to ensuring every child feels a genuine sense of belonging, where inclusion is celebrated, every voice is valued, and every pupil has the opportunity to flourish. We will continue to support all of our children as they transition into their new classes with confidence and excitement, knowing they are part of a caring school community that believes in them every step of the way.

Thank you for your continued support and for making me feel so welcome as part of this remarkable school community. I wish all our families a safe, restful, and enjoyable summer break, and I look forward to welcoming everyone back for another year of learning, growth, and shared success.

"Alone we can do so little; together we can do so much." — Helen Keller

Warmest regards,

Mrs Sindh (Head of School)

A REMINDER ABOUT SAFE AND RESPECTFUL PICK-UP AND DROP-OFF

We would like to remind all families about the importance of safe, sensible and respectful behaviour during pick-up and drop-off times.

**what time is it,
woody?**

3. If Woody shouts "It's 2 o'clock!", the Aliens take that many steps forward.

4. The Aliens keep asking Woody what the time is, until he answers, "It's round-up time!" – when he turns and chases the Aliens. The first Alien he catches becomes Woody and the game begins again.

What Parents & Educators Need to Know about YOUTUBE KIDS

WHAT ARE THE RISKS?

As its name suggests, YouTube Kids is a child-friendly version of Google's online video-sharing platform. Its colourful user interface is designed with young people in mind, and it offers a curated, family-friendly experience with features like age-based content settings and parental controls.

AGE RESTRICTION
4+

INAPPROPRIATE CONTENT BYPASSING FILTERS

YouTube Kids is less likely to show inappropriate material than YouTube, but there have been reports of the app showing age-inappropriate content to young viewers. One investigation found that YouTube Kids had shown videos that promote skin bleaching, weight loss, drug culture and firearms to children as young as two, as inappropriate content had bypassed the platform's algorithms and human moderators.

18
CENSORED

BE WARY OF ADVERTISING

Like Google's regular YouTube app, YouTube Kids features pervasive advertising before a video plays. While these adverts are designed to be family friendly and are subject to a strict review process, it's worth noting that YouTube Kids collects information around children's viewing to inform targeted content and advertisements.

BUY NOW!

DESIGNED TO BE ADDICTIVE

YouTube Kids is designed to be addictive. The platform's design features, such as the constant stream of new videos and the reward system of points or virtual stickers, can be very engaging and make it difficult for children to switch off. Research has shown that spending too much time using digital services such as YouTube can lead to screen addiction, affecting children's daily routines, studies, and even their social lives.

SETTINGS CAN BE CIRCUMVENTED

YouTube Kids offers built-in parental controls, enabling you to set screen time limits and curate the content children are able to view; however, children are often more tech-savvy than we think. They can easily bypass or tweak these settings if they have access to the associated Google account password, thereby exposing themselves to age-inappropriate and potentially dangerous content.

AI-GENERATED MISINFORMATION

There is also a risk of children accessing videos that contain disinformation and misinformation. A BBC investigation found that some YouTube channels are using artificial intelligence (AI) technology to create misleading 'scientific' videos that are recommended to children as educational content. These videos included conspiracy theories and ideas that lack scientific backing.

DATA COLLECTION RISK

While there are limits on the data that YouTube can collect on children under 13, children can still inadvertently give away sensitive information when using YouTube Kids. The platform collects data on children's viewing habits, content searches and location, which YouTube and third-party advertisers can use.

Advice for Parents & Educators

PARENTAL CONTROLS

YouTube Kids offers several settings that allow you to manage what content children can view. For example, you can choose what level of content you want them to access, such as 'Preschool' or 'Younger'. You can also turn off the search function, so that only those videos approved by the YouTube Kids team themselves will appear on a child's recommendations list.

CHECK WATCH HISTORY

YouTube Kids has made it easy for you to keep an eye on what the children in your care have been watching on the app. By clicking on the 'Recommended' icon at the top right of the home screen, you can see which videos they've been viewing, and how much of each. If a child watches YouTube Kids while signed into a Google account, you can check their history through Google's 'My Activity' page.

SET TIME LIMITS

The built-in parental controls let you keep a tab on how long children spend watching videos. You can set a timer that limits screen time and disables the YouTube Kids app once a specified length of time has been reached. It's also worth speaking to children about the dangers of spending too much time on YouTube, to ensure they remain focused on other, more important activities.

WATCH TOGETHER

It's important that you try to make YouTube Kids a fun and positive experience for children. One way to do this is by introducing watching sessions, where you all gather around and share the most enjoyable videos that you have recently watched. This can be a great way of giving you both new things to talk about and of keeping an eye on what they're watching.
